

Estimator – Full Time Permanent

At Wales McLelland, we have built our reputation on all-encompassing service. We can manage the development of our clients' projects from inception and initial drawings to construction and handing over the keys. Whatever the scope of the project, we are committed to building the best possible facility for our clients.

From the top down, our entire office and field staff are dedicated to doing whatever it takes to ensure our clients' interests come first. Maintaining the balance of quality workmanship and exacting project management enables us to create top quality facilities, while controlling budgets and minimizing timelines through fast-track construction.

With Wales McLelland there are no surprises. Clients are attended to by the same Wales McLelland representative throughout the duration of the project to ensure consistent, value-added and personalized service. The owners continue to be involved with a hands-on approach throughout the entire process.

Great Achievements through Great Partnerships
